"As a board member for the last 8 years at Candelerio I will say that PrimeCo was the best company I have worked with on a project of this scale. From the initial organization, detail, and notice to homeowners... to the application, setup, and sectional inspections, PrimeCo exceeded our expectations on many levels... I used all readily available information to present my board and association the best painting company available and allowed them to choose. It turned out to be a great selection and in 5 - 8 years when we have to do some painting and woodwork... PrimeCo will be there again."

*Gavin Kuehn – Board President, Candelerio and
Community Manager, Orange County*

The board and I walked around the community and we were all very pleased with the work that PrimeCo has done with the painting and wood replacement. Your company handled the homeowners very well with the few issues that came up and worked very hard to resolve all of them quickly. I wanted to tell you that all the planning you did in advance helped to make this project go a lot smoother than we expected. The lack of calls was the biggest thing we did not expect. We just wanted to thank you and let you know what a great job your crews have done.

Jeff Squires – Board President, La Cresta HOA, San Diego
